**Domain : Consumer Goods**

**Function : Executive Management**

# Atliq Hardwares

## About:

Atliq Hardwares is one of the leading computer hardware producers in India and well expanded in other countries too.

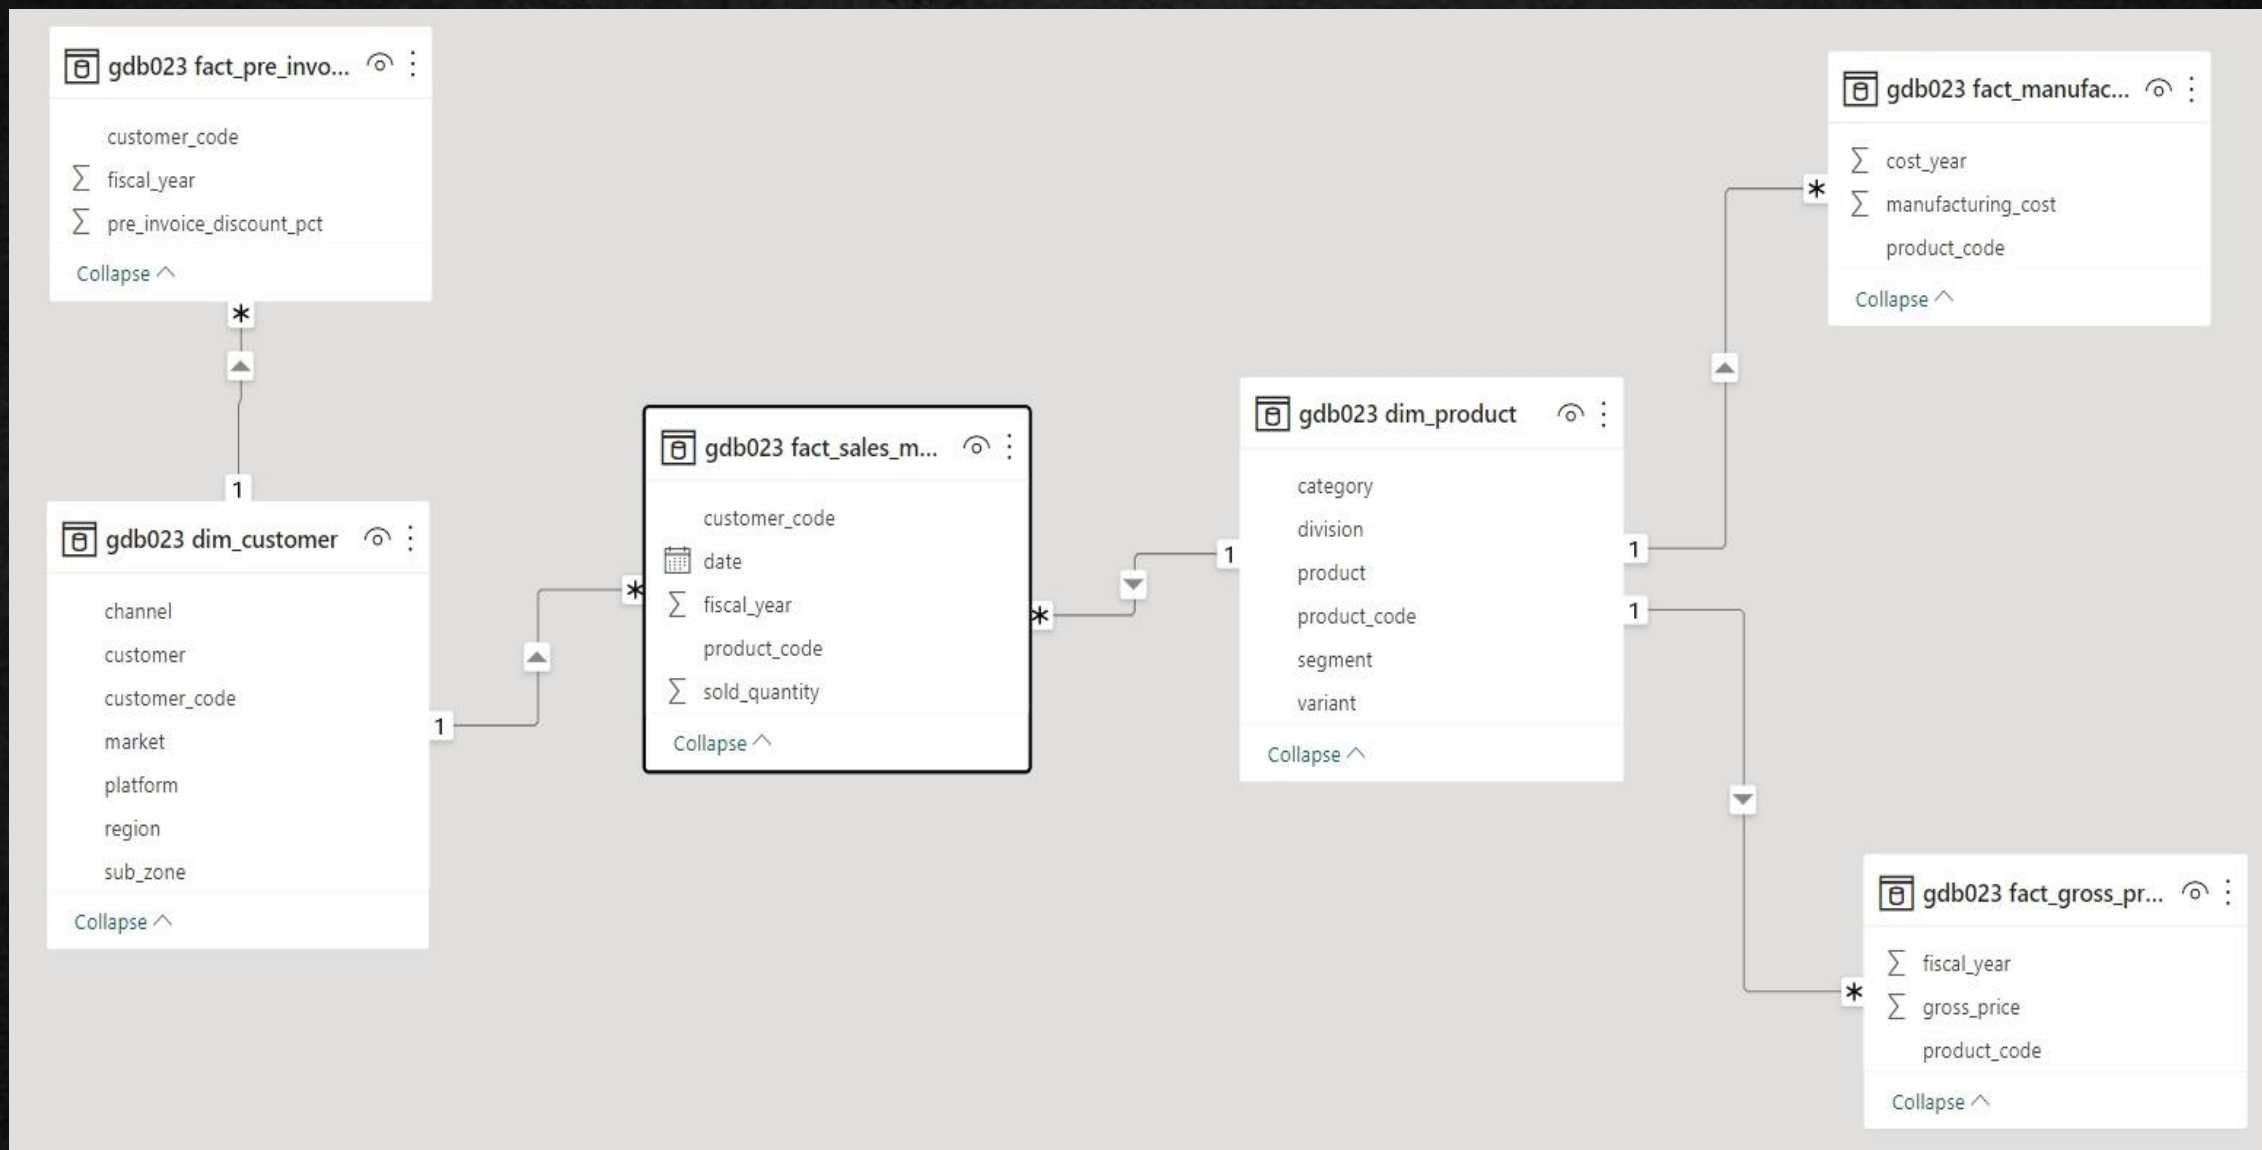

## Problem:

The management noticed that they do not get enough insights to make quick and smart data-informed decisions. They want to expand their data analytics team by adding several junior data analysts. Tony Sharma, their data analytics director wanted to hire someone who is good at both tech and soft skills. Hence, he decided to conduct a SQL challenge which will help him understand both the skills.

## Tasks:

1. There are 10 ad hoc requests for which the business needs insights.
2. SQL should be used to answer the requests.
3. Create a presentation for the top-level management which are your target audience.

# Data Relationship

# About Data

1. The data provided is for the fiscal year 2020 and 2021.
2. There are 6 data tables.
3. The process of normalisation has been applied to the given data to make it as simple as possible.

Dim\_product table contains 26 variants of 73 products which are divided into 14 categories which are divided into 6 segments which are divided into 3 divisions.

Fact\_sales\_monthly contains data of quantity sold monthly for each fiscal year.

Dim\_customer contains all the information about the customers like through which channel does the customer comes and about which market, region, sub-zone does the customer belong to.

Fact\_manufacturing\_cost contains information about the manufacturing costs of products.

Fact\_gross\_price contains information about the gross price of the product for each fiscal year.

Fact\_pre\_invoice\_deductions contains information about pre invoice deduction percentage for every customer eligible.

	segment	product_count
▶	Notebook	129
	Accessories	116
	Peripherals	84
	Desktop	32
	Storage	27
	Networking	9

### Insights:

- Notebook which comes under the division 'PC (Personal Computer)' has the highest number of unique products which includes categories like gaming laptop, business laptop, personal laptop etc. , which indicates there is high demand of Atliq's personal computers.
- Networking of division 'N & S (Networking and Storage)' has least number of unique products.

## Increase in product count in segment 2020 vs 2021

### Request 4:

Follow-up: Which segment had the most increase in unique products in 2021 vs 2020? The final output contains these fields:

Product\_count\_2020 and Product\_count\_2021 by Segment

Difference by segment

## Insights:

- As of now we know that Atliq Hardwares does its market research and because of which they have increased the number unique products, also we know which segment has the most demand by counting the number of unique products for each segment, to understand it further we have to see which segment has seen the most growth for that we have this follow up request.
- As we can see **Accessories** segment of division 'P & A (Peripherals and Accessories)' has seen the **most growth** with the increase of **34 products**, which indicates the demand for Atliq's accessories is increasing.
- Whereas, the **Networking** segment has seen the **least amount of growth** of only **3 products**.

## Products with highest and lowest manufacturing cost

### Request 5:

Get the products that have the highest and lowest manufacturing costs. The final output should contain these fields:

product\_code

product

manufacturing\_cost

### Output:

	product_code	product	manufacturing_cost
▶	A2118150101	AQ Master wired x1 Ms	0.8920
	A6120110206	AQ HOME Allin1 Gen 2	240.5364

A2118150101	AQ Master wired x1 Ms	0.8920
A6120110206	AQ HOME Allin1 Gen 2	240.5364

### Insights:

- AQ Master wired x 1 Ms which the lowest costing product is a Mouse which is counted as an accessory, since we know that the demand for accessories is increasing because of which there can be mass production and that cuts costs.
- On the other hand, AQ home Alin 1 Gen 2 which is the highest costing product is a Desktop which comes under desktop segment, in our third request we observed that the demand for desktop doesn't seem to be that high which leads to limited production which increases costs.
- Note: The above insights are based on the acquired result for the 4th request we don't know the profits from these products, which might change our point of view.

## Top 5 customers in Indian market with avg. high pre invoice discount for 2021

### Request 6:

Generate a report which contains the top 5 customers who received an average high pre\_invoice\_discount\_pct for the fiscal year 2021 and in the Indian market. The final output contains these fields:

	90002002	Croma	30%
	90002003	Ezone	30%
	90002016	Amazon	29%

### Insights:

- The top 5 customers with average high discount are Flipkart, Croma, Ezone, Viveks, Amazon which indicates these are **Atliq Hardwares most valued customers**.
- The discount percentages are almost same with 2% difference in the 1<sup>st</sup> and 5<sup>th</sup> customer.
- This data is for **Indian market for the fiscal year 2021**.

Monthly gross sales amount for fiscal year 2020 and 2021

year ● 2019 ● 2020 ● 2021

## Insights:

- By comparing the monthly gross sales we found out the Atliq Hardwares have grown their business substantially, which shows that the market research which we discussed earlier is working.
- We can observe that the months 9,10,11 have the most number of sales in years 2019 and 2021 this is also the first quarter of Atliq Hardwares, since the fiscal year for Atliq starts from September month.
- Months 3,4,5,6,7 have the highest growth compared to other months.
- The peak sales happened in the month of November for both the years.

## Quarter with highest quantity sold in 2020

### Request 8:

In which quarter of 2020, got the maximum total\_sold\_quantity? The final output contains these fields sorted by the total\_sold\_quantity:

Quarter

total\_sold\_quantity

### Output:

Result Grid  Filter Rows: <input type="text"/>

▶	Q1	7005619
	Q2	6649642
	Q4	5042541
	Q3	2075087

## Visualising the output

### Insights:

- The Quarter with maximum sold quantity is Q1 i.e. First quarter.
- We observed in the previous request that the 1<sup>st</sup> quarter of Atliq Hardware had the most sales for both years 2020 and 2021 which explains the result of this request, this can also be because most companies try to have a better 1<sup>st</sup> quarter than the rest of the year.

## Channel with more Gross Sales in 2021

### Request 9:

	Distributor	188.03	11.295535

Gross sales and Percentage contribution through each Channel

### Insights:

- Most number of sales for Atliq Hardware comes from **Retail channel** i.e. around **73%**
- The reason behind this can be that **Atliq has it's biggest market in India** and in India people believe in buying these kind of products **offline** instead from market places like Amazon, Flipkart or Atliq's own website.
- **Direct** channel is at **2nd position** followed by **Distributor**.
